

Other stainless steel products

We manufacture for you stainless steel products for the pharmaceutical and cosmetics sector! From relatively simple to complex work right from the design stage, we are pleased to support and supply you. From the idea, through the design, procuring, construction, to the delivery and installation at your location, we can map the entire value chain. It goes without saying that we are also glad to support you with "simple" contract work as your "extended workbench".

On our product pages "Stainless Steel Platforms, Stairs and Railings", as well as "Collision Buffers", you can get an idea of two product examples.

An overview of selected production options for you

- Machining: Turning, Milling, Drilling, CNC milling...
- Sheet metal working: Edging, Cutting, Rolling...
- Welding: WIG, Orbital welding, MIG, Laser, 3D robot welding...
- Surface treatment: Grinding, Polishing, Pickling...

We would be very pleased to receive your enquiry and are certain that we can competitively support you in the field of stainless steel.
